Hello! Thanks for choosing a Vintage Fabric Studio tutorial to make a 12.5" Ohio Star quilt block. In this tutorial I will show you how to make flying geese & how to put together a simple 3 unit quilt block.

Materials Required:

3 fat quarters of vintage sheet fabric; shown in orange floral/pink floral/low volume stripe

Sewing machine

Coordinating Thread

Rotary cutter, 12" or larger grid ruler, self-healing cutting mat

Scissors

Pins

Iron/Ironing board

OPTIONAL: Spray Starch

NOTE: All seam allowances are 1/4" -- Block is 12.5" unfinished

Cutting Chart:

1 - 4 3/4" square (pink floral)

4 - 4" squares cut into 8 triangles (pink floral)

2 - 4" squares cut into 4 triangles (LV stripe)

1 - 7 1/4" square cut into 4 triangles (orange print)

4 - 3 1/2" squares

first sew
two corner
triangles

1.

1. Line up low volume stripe triangles in the middle of the 4 3/4" pink floral square and sew, press to the darker side.

Next sew the 2
triangles onto
square and press

2.

2. Sew the 2 remaining triangles to the 4 3/4" block in the same way and press to the side.

3. Sew the side units together starting with the flying geese as shown in step 3a. Trim flying geese units.

Sew units together

4. Sew individual parts of the block together into 3 units as shown. Press seams of middle unit out toward the flying geese. Press seams of the two end units in towards the flying geese. This will allow a really nice nesting of seams when the block is sewn together on the next step.

5. Sew the units together pinning in place as seams are matched up and nested together. Sew and press seams open. Trim block to 12.5". Hooray!

I hope you enjoyed making an Ohio Star block. Share on Social Media with #VFSSOHIOSTAR
